## Mr. Phil May Bereaved Of Father

The pattern of a life woven into the very fabric of North Battleford was interrupted Monday, October 8, by the sudden passing of Charles May, a well-respected pioneer gentleman. His sterling qualities and integrity won for him in this community a deep regard and affection. A keen and active sportsman although in his 81st year, Mr. May had gone out shooting and was returning to his home when he was stricken with a heart attack.

Born April 6, 1905, at the ancestral home, Filleigh Farm, Lapford, Charles May spent his boyhood in North Devon, England. On April 18, 1894, he was married to Jessie Madge and they spent the early part of their married life in Devon. There their four eldest children were born. The little family left for Canada in 1909, spending Christmas of that year on board ship. They arrived in Battleford on January 30, 1908, having made the trip from Saskatoon by open sleigh. Soon after their arrival Mr. May, who had been advance agent for the Barr Colonists, severed that connection and with his family took up a homestead at Brada. Three years later, with the coming of the railway, Mr. May decided to start in the butcher shop business in North Battleford. From 1906 to his retirement in 1924, Mr. May continued in the business which is now carried on by his sons.

On April 18, 1944, Mr. and Mrs. May had the great pleasure of celebrating their golden wedding anniversary, surrounded by their children, grandchildren and friends from far and near.

Besides his sorrowing widow, Mr. May is survived by seven children, who were all able to be present at their father's funeral: John May, Sylvan Lake, Alta.; C. Joseph May, city; Capt. E. A. May, Vancouver; Philip May, Wainwright; Mrs. W. H. Bailey (Madge), Fort William, Ont.; Mrs. T. H. Board (Dell), city; Mrs. Jack Nisbet (Helen), Maidstone; and one brother and three sisters, all living in Devon—Arthur, May, Mrs. Staylor, Mrs. Tucker and Mrs. Pearce.

Funeral services were held Wednesday afternoon from St. Paul's Anglican church, conducted by Rev. Canon R. Willis, assisted by Rev. Canon English. Beautiful floral tributes and the presence of many friends from the community bespoke the regard with which the late Mr. May was regarded.

Honorary pallbearers were Mayor J. D. Deans, Jas. Sharpe, Robert Bailey, W. L. Faulkner, Wm. Pyre, Jas. Griese, A. Brehaut, S. M. Moughton and Jas. Weir.

Acting pallbearers were Wm. Wheelton, A. F. Sallows, Coney Nachtegele, Mr. Sweetnam, J. H. Nelson and George Headley.

Interment was made in North Battleford cemetery.

## Victory Bonds And The Farmer

As a part of its fiscal policy, the Canadian Government has urged maximum individual participation in the purchase of Victory Bonds. To date Alberta farmers have responded by purchasing approximately fifty-five million dollars worth or an average of more than \$500.00 per occupied farm in the Province. To this amount must be added a considerable total invested in War Savings Certificates.

The amount of money held by farmers in Victory Bonds forms a tremendous reserve of purchasing power. The manner in which this fund is used will determine in no small measure the character of agriculture in this Province for years to come.

There is still danger of unmanageable inflation. For some time yet, Canadians will have more money to spend than there are things to buy at current prices. To the extent we continue to save and invest, or use savings to reduce debts, we will contribute toward the maintenance of price controls and the re-establishment of normal export trade. Competitive spending will increase prices and tend to reduce exports. In the latter event, the natural course of economic tendencies will be toward depression, unemployment and the inevitable curtailment of purchasing power.

Moreover, prairie farmers are particularly dependent upon a few farm crops which are sold principally on the export market. The encouragement of export trade depends heavily upon the management of fiscal policy in relation to the fiscal policies of other countries. For this reason, farmers are directly interested in inflation control and in orderly transition from the war to a peace economy.

The contribution farmers can make toward reconstruction is essentially a problem in farm management. On some farms, debt reduction will continue to be important. Others will be faced with the alternatives of replacing worn out equipment, the development of a new enterprise (pure-bred stock, for example), the extension of buildings, or the installation of labour saving devices and conveniences in the home as well as outside.

In a short time labour will be available to do the many things that have been left undone during these busy war years. The development and organization of farm enterprises that labour might be given farm employment in all seasons, will in itself be a major contribution toward economic stability and adjustment.

During the war farmers generally reduced their indebtedness and built up cash or bond reserves. War savings, however, are not all surpluses. In planning their use, therefore, consideration should be given to the manner in which they were accumulated.

In Alberta, four major factors contributed toward bringing about farm net surpluses over operation: (1) favourable crop years; (2) better farm prices; (3) forced economy in the use of labour, (farmers worked harder); and (4) a shortage of equipment and replacement materials ordinarily purchased.

Only after depreciation is provided for and a reserve set up to at least partly off-set probable crop failures can surplus earnings be determined. In any case, farm development and the improvement of living on the farm depends upon the care with which the reserves as a whole are utilized. Plan expenditures wisely. Waste and disappointment are almost sure to follow if hasty spending or speculation are indulged in.

However, no rule-of-thumb procedure on the utilization of wartime farm reserves can be given. The character of the farm business and the attitude of the operator, are determining factors in each individual case. Young farmers can afford to be more optimistic than men who are nearing the end of the productive period of life. The latter are advised to be cautious about re-investing savings or entertaining plans leading toward the expansion of farming operations.

The development of agriculture in Alberta has suffered because of (1) the frequent occurrence of price declines to below the cost of production, and (2) crop failures owing to extreme climatic variations.

Through fiscal and other policies the state should (probably will) do more to afford farmers protection against the vicissitudes of climate and price changes. However, by practicing conservation in good years farmers themselves can do much to prevent the waste of capital resources and human material which has too frequently accompanied periods of low prices or crop failure.

Victory Bonds are liquid assets, they are as good as cash. Moreover, according to G. F. Towers, Governor of the Bank of Canada, "Canada has declared her intention of following monetary policies—which assure a ready and stable market for Victory Bonds at all times."

Victory Bonds can be used as security against a bank loan for personal or business purposes. The loan will be granted for any period and without question by any bank merely on deposit of bonds sufficient to cover the loan. The rate of interest charged is 3½%, the lowest at which money can be obtained.

## Quota Set For Wainwright-Irma In Ninth Loan

Wainwright district, with a fine record of performance behind it in previous campaigns, is organized fully for the Ninth Victory Loan campaign which gets under way on Monday, October 22.

Wainwright's quota in the current drive has been set at \$260,000 and although this is a substantial amount, unit organizers and salesmen are confident that the district will attain its objective before the end of the campaign.

Although the quota allocated to this district represents but a small amount of the \$51,000,000 that Alberta has been asked to raise during the current Victory Loan campaign, nevertheless the bonds which will be purchased in this district will be of direct assistance in aiding the province to obtain its quota.

The local Victory Loan campaign organization is alert to the important part that this district is being called upon to play in the province-wide campaign, and for this reason they are calling upon everyone, townspeople and farmers alike to help the district go over the top.

The budget for the fiscal year tabled in the House of Commons last Friday indicated that the government is alive to the necessity of returning to peace time administration. Personal income tax has been cut by 16 per cent and a new income tax deal for farmers and ranchers appears to be in the offing.

Let the residents of this district do their share. Let us all buy bonds and so aid the government in financing its rehabilitation program.

This district has chalked up an enviable record in previous loans. Let's show the rest of Alberta that we can do it again and sign our name to Victory.

Everybody please take notice that the Fire Alarm has been moved from the Post Office building to the Centre Post of the Village.

## Curling Club Organized For 1945-6

Wainwright curlers got away to an early start in their preparations when a very enthusiastic meeting of the curling club was held in the Council Chambers on Friday evening, October 12th.

Plans and suggestions were made and discussed for the season's activities.

Officers were elected for the coming season; these being President—Albert Rattray, Vice President—Bill Cowley and Secretary Treasurer—Bob Mulvey.

Fees for the season have been set at \$10.00 for adults, \$2.00 for students and \$5.00 for service or ex-service men of this war.

A membership committee was appointed to thoroughly canvass the town and district for prospective members, and from the enthusiasm displayed at the meeting it would appear that this will be a big year in the history of curling in Wainwright.

Ratepayers and residents of the M.D. of Minburn are hereby notified that Herdlaw will be effective on the 25th day of October, 1945. After that date all stock running at large will be impounded.

BY ORDER OF THE COUNCIL OF THE M.D. MINBURN No. 72.

## Hints for the Household

### Sausage and Apple Patties

3 medium apples, pared and cored  
3 teaspoons lemon juice (about)  
Dash of salt  
1 pound sausage meat  
2 tablespoons finely chopped onion  
1 cup crushed raisin bran  
Cut apples into six 1/4-inch slices.  
Season with lemon juice and salt.  
Combine sausage meat, onion, and bran and shape mixture into 12 small balls. Place balls between two sheets of waxed paper and flatten into patties, 1/4 inch thick. Put together in pairs with an apple slice between patties. Press edges of patties together to seal in apple slice.

Arrange in shallow baking dish. Bake, uncovered, in slow oven (325° F.) 40 minutes, or until apples are tender. Bake occasionally with dripping. Makes 6 servings.

Don't let your cookie jar go empty just because you are short on sugar and eggs. You can whip up a batch of crisp, crunchy cookies in 15 minutes kitchen duty without using sugar or eggs, and you can forget about flour and shortening too. The magic trick is to use sweetened condensed milk, a smooth blend of whole milk and sugar. Just add peanut butter and raisins or corn flakes, bran flakes, nut meats or dates, and you have the batter for luscious drop cookies the family will applaud; and the only implements needed are a spoon, measuring cup and bowl.

The recipe is magically failure-proof as well as quick so it's a good one to start the children on when they beg for a chance to bake.

### Magic Five-Way Cookies

1 1/3 cups (15 oz. can) sweetened condensed milk  
1/2 cup peanut butter  
Any one of these 5 ingredients:  
1) 2 cups raisins  
2) 2 cups corn flakes  
3) 2 cups bran flakes  
4) 1 cup chopped nut meats  
5) 2 cups chopped dates  
Mix sweetened condensed milk, peanut butter, and any one of the five ingredients listed; drop by spoonfuls on greased baking sheet. Bake in moderate oven (375° F.) 15 minutes, or until done. Remove from pan at once. Makes about 30 cookies.

### Magic Cocoa Drops

2/3 cup (7 1/2 oz. can) sweetened condensed milk  
3 tablespoons milk  
1 cup chopped nut meats  
Blend sweetened condensed milk and cocoa. Add nut meats, mixing well. Drop by spoonfuls on greased baking sheet. Bake in moderate oven (350 degrees F.) 15 minutes or until delicate brown. Remove from pan at once. Makes about 18.

### Princess Pudding

2 egg yolks, slightly beaten  
1/3 cup sugar  
1/2 teaspoon vanilla  
1/2 teaspoon double-acting baking powder  
1/2 teaspoon salt  
1/2 cup finely crushed raisin bran  
1/3 cup chopped walnut meats  
2 egg whites, stiffly beaten  
Mix together egg yolks, sugar and vanilla. Add baking powder, salt and flakes and mix well. Add nuts. Fold

in egg whites. Turn into custard cups or small casserole. Bake in moderate oven (350 degrees F.) 25 minutes, or until done. Serve with custard or orange sauce. Makes 5 or 6 servings.

NOTE: If desired, use 1 egg yolk in pudding and 1 egg yolk in custard sauce.

### GRAPE'S AS CHARACTER INGREDIENT GIVE NEW FLAVOR TO DESSERTS

The last of the perishable fruits, grapes, is one of this season's best fruit crops and it is a crop we will all want to make the most of.

Not many people use grapes extensively to make desserts, yet a number of delicious ones, both hot and cold, can be made with grapes as the "character" ingredient.

Here are recipes for three grape desserts from the Consumer Section of the Dominion Department of Agriculture.

### Grape Diplomat Pudding

2 cups milk  
2 tablespoons sugar  
1/2 teaspoon salt  
1 egg  
1 tablespoon gelatin  
1/2 cup water  
2 cups seeded blue grapes  
1/2 cup sugar  
1 1/2 cups soft stale bread or cake

crumbs  
Heat 1 1/2 cups milk in top of double boiler. Combine the 2 tablespoons sugar, salt and slightly beaten egg with remaining 1/2 cup of milk. Add gradually to hot milk and cook, stirring constantly for 2 minutes. Meanwhile soak gelatin in cold water for 5 minutes and add to milk mixture, stirring until gelatin is dissolved. Pour half the sauce into a greased mould and allow to cool slightly. Wash grapes, cut in half using a sharp knife and with point of knife remove seeds. Mix sugar with grapes and add crumbs and grapes in alternate layers. Top with remaining sauce chill until set and unmould to serve. Six servings.

### Grape Brown Betty

3 cups blue or white grapes  
1/2 cup brown sugar  
2 tablespoons mild-flavoured fat  
2 tablespoons brown sugar  
2 cups soft stale bread crumbs  
Dash of salt  
Wash grapes and press pulp from skins. Heat pulp to boiling point and boil 5 minutes. Rub through a sieve to remove seeds. Combine pulp, skins and the 1/2 cup sugar. Melt fat, add remaining sugar, crumbs and salt and mix together. Place alternate layers of grapes and crumbs mixture in a greased baking dish having last layer crumbs. Bake in a moderately hot oven, 375°, for 40 to 45 minutes. Serve hot. Six servings.

## You Have TWICE AS LONG TO PAY

So many times you hear people say "I wish I could buy more Victory Bonds."

Well, it has been announced that there will be only one Victory Loan in the next 12 months.

People who buy Bonds now will have a whole year to pay for them.

## You Can BUY TWICE AS MANY BONDS

Bear this in mind when the Victory Loan salesman calls on you.

The same rate of savings as in previous loans will pay for twice as many bonds over the 12-month period.

So, buy double this time.

## Sign Your Name FOR VICTORY

Farmers can buy Victory Bonds through any bank . . . on convenient deferred payments.

Victory Loan salesmen have copies of the letter at the right. (Banks also have copies.)

When you sign this letter . . . and pay 5% of the cost of the bonds . . . the bank buys the bonds for you. You have 12 months to pay for the bonds and the interest the bond earns pays the interest on the bank loan.

*Dear Sir:*

I enclose application form agreeing to purchase (for value) of \$5.00 North Victory Loan Bonds to which is attached cheque for an initial payment of \$1.00.

I promise to pay you the balance of the purchase price plus accrued interest at 5% per annum within twelve months from the date of this letter.

Yours very truly,

## THE NINTH VICTORY LOAN

Before another issue of the "Star" reaches you, Mr. Ilsey, will send out the call to the people of Canada, for their support in the forthcoming 9th Victory Loan.

Canada has been divided, and subdivided, and further subdivided, into small parts which will help to keep tab on the progress of the loan drive each day.

In Wainwright, the loan committee, are practically the same as for the eighth loan, so we should not experience any hardship in obtaining our quota.

The need of the money, has been outlined in the daily papers but it might help to review them now and make sure of the urgency, which exists, due to the sudden ending of the war and the rehabilitation of our returned men.

There exists no magic wand one can use to waft military forces from the scenes of battle to their normal home surroundings overnight. Unfortunately, long after the enemy cries surrender, the cost of war goes on. It is estimated, for example, that the country of Canada must raise a sum of about \$25,000,000.00 during the present year to provide adequate medical attention and hospitalization for the men who are coming back wounded and sick. Last year, members of the House of Commons were told that at that time \$750,000,000.00 would be needed to pay gratuities and take care of re-establishment credits to men returning from battle. One year having passed since then, the cost of that important undertaking has now reached about \$900,000,000.00. In addition to all that, the Canadian people must meet the cost of bringing the troops home, the maintenance of our forces of occupation in Germany. Pay of the men who are waiting demobilization goes on. Cheques to dependents keep going out until the soldier has his discharge paper.

There are heavy domestic expenditures, made heavier by the unprecedented demands of this period of re-construction in the country, which are included in the total of the Ninth Victory Loan objective. But of this we can be sure. The major portion of the money which Canadians will provide for the purchase of bonds in October and November is needed to cover the cost of war.

## Knee-deep in Bulbs

You'd better not whistle "Tip-Too Through the Tulips" to botanists and inspectors of the Plant Protection Division of the Department of Agriculture in Ottawa. They have been not only on their toes, but literally up to their knees in packages of tulip bulbs, sent to relatives in Canada by members of the Armed Forces stationed in Holland.

The Canadian boys in Holland, in keeping with the good old tradition, believe in "saying it with flowers," but as blossoms won't stay fresh long enough to make the journey to Canada, they have sent the little brown bulbs that will push up through Canadian soil next spring in a riot of reds, yellows, pinks and mauves.

The headache of all this, as far as the botanists and inspectors of the agriculture department are concerned, is the fact that the bulbs have to be examined for plant disease. However, only about one per cent have had to be destroyed.

History certainly does race on. It is only a matter of months since we were reading that the people of Holland were eating bulbs to stave off starvation. And now, in the fall of 1945, we have the news that bulbs are being sent to Canada to fulfill their original mission—brightening up the landscape.

It's all very heartening, isn't it?

## Boys Town in Canada

We've all heard of the famous Boys Town, Father Flanagan's community has been the subject of stories in the newspapers and films featuring Spencer Tracy and Mickey Rooney. But have you heard of an unusual Boys Town?

On the shores of Lac des Francaise, near Joliette, Quebec, 60 delinquent boys have established a camp under the direction of Father Albert Roger of Montreal, and his two assistants. The boys organize their own election campaign, and elect their own mayor and alderman. Each alderman has charge of one of the six log cottages which comprise the camp.

Besides the mayor and council, the campers also elect each year a chief of police and a chief fireman and a ministry of roads. Infringements of camp rules are taken up in the regu-

lar Saturday morning court in the council hall, where cases are heard and defended.

The original site of the camp was purchased by the Quebec provincial government. The Chambre de Commerce des Jeunes de Montreal handles the expenses of the boys, which come to about \$1 a day for the three-month camp period.

The boys from the camp, taken from the ranks of those in their early teens who have been in trouble with juvenile court officials, are selected by Father Roger.

It's an idea that will pay rich dividends in citizenship.

## Bugs Beware

I see that all restrictions, other than export, have been removed from three important agricultural insecticides—rotenone, nicotine and DDT.

The Canadian use of rotenone has been restricted since the Pacific war cut off importations from the East Indies. Extraordinary demands for tobacco resulted in nicotine being placed under controls. Military requirements absorbed all available supplies of DDT.

Nicotine, by the way, is still very scarce. A. M. W. Carter, Director of Pesticides, reports.

## World of Wheat

H. G. L. Strange,  
 Director, Research Department,  
 Searle Grain Company, Ltd.

## THE PRICE OF WHEAT

The Minister of Trade and Commerce has announced in the House of Commons that the Government undertakes that for the next five years producers will receive not less than \$1.00 a bushel for wheat basis 1 Northern in state Fort William, Port Arthur or Vancouver, on the authorized deliveries for each crop year, and that the Government has instructed the Wheat Board to offer Canadian wheat for export overseas at prices not higher than the current export price of \$1.55 a bushel.

This action of the Government has met with both approval and criticism. It seems, however, that any Government that attempts to set the price of an export commodity is entitled to a great deal of sympathy, for they are faced with three difficulties, each of which pulls them in a different direction. First, to set a price that will be satisfactory to producers; secondly, to set a price that will be satisfactory to consumers and that consumers are willing and able to pay so that they will not be induced to grow their own wheat; and thirdly, to set a price so that the tax payer may not have to pay much should a loss come about on the buying and selling operations.

The whole matter is bound up with

immense international complications and conditions over which no one in Canada has much if any control.

## ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

The Argentine Government is reported to have virtually suspended wheat shipments to Britain, France Italy and other European countries because of lack of internal transportation—Wheat is being imported into North Africa regularly, and such shipments will have to be continued until the new crop is gathered next year. It is reported that it may be possible for Russia to make some contribution to European relief should the favourable outlook for this year's crops be realized—Broomhall reports that Australia's growing wheat crop continues to progress favourably—Brazil suspended customs duties and other taxes on imported wheat, according to a recent decree.

## IMMUNIZATION WEEK MESSAGE ISSUED BY HEALTH MINISTER

Conservation of child health is of vital importance to the future of Canada. Hon. Brooks Claxton, Minister of National Health and Welfare said in an "Immunization Week" message today.

In drawing attention to this annual observance sponsored by the Health League of Canada in co-operation with health departments, Mr. Claxton said that since the beginning of the war 200,000 Canadian children had been stricken with diphtheria, whooping cough and scarlet fever, and that 4,000 died.

"All these cases could have been easily prevented," the minister said.

"Advances in modern preventive medicine have given a definite, safe, easy and economical means of prevention. That means is vaccination and inoculation.

"Health departments throughout the country unite with the Health League of Canada during National Immunization Week to call to public attention, particularly parents, the importance of protecting children against these preventable diseases. Every child should be protected against these preventable diseases. Every child should be protected against smallpox, diphtheria, whooping cough and scarlet fever before his first birthday."

Mr. Claxton suggested that Canadian parents could contribute to conservation of child health by taking their children to their doctors or to hospital clinics or to public health authorities. The special measures which medical science had provided to prevent these diseases should be adopted.

"Your child cannot protect himself," Mr. Claxton said, "You must do it for him."

## What makes a little farm a BIG FARM?

It has been said that "a rich man is only a poor man with money". You have also heard that "money makes the mare go" and that "nothing succeeds like success".

Old sayings like these tell you to see the manager of the Bank of Montreal if you need money to make your farm a better farm—if you see opportunities for increased income from increased production.

You do not ask a favour when you ask for a loan at the Bank of Montreal. Lending money is our

business and our manager will welcome the opportunity of discussing your plans with you. He will be glad to study your prospects with you, plan with you, discuss actual and promised revenue, and work out with you a plan of convenient repayments.

Many big farms—successful farms—in all parts of Canada were little farms once. For their development many of their owners have relied on timely loans from the Bank of Montreal. Your B of M manager invites you to share their experience.

A well arranged surprise shower was held on Monday evening at the home of Mr. and Mrs. J. Tolmie, in honor of their daughter Margaret (Mrs. Ted Carrier). The guest of honor was invited out to dinner and on arriving home found the guests assembled.

A social evening was enjoyed by all with Mrs. W. Clark and Mrs. A. Reynolds at the piano. The bride was then seated in a chair decorated with a pink and white hornedew and gold good luck sign before a large novel crepe-covered wishing well from which she drew a large number of beautiful gifts.

A delicious lunch was then served by the hostesses and the party dispersed amid a shower of good wishes for a happily married life for the guest of honor.

Mrs. D. Dundas and Mrs. Hazel Parkhurst were co-hostesses for the evening and the guests included—Mrs. Dr. Wallace, Mrs. W. S. Clark, Mrs. O. Michon, Mrs. O. Croteau, Miss Jeanette Croteau, Mrs. Capt. Dixon, Mrs. Welch, Mrs. V. Cowley, Mrs. W. Washburn, Mrs. E. Turner, Mrs. T. Burkholder, Mrs. W. Cowley, Mrs. A. Gray, Mrs. Dr. Middlemass, Mrs. T. Lane, Mrs. Ada Reynolds, Mrs. Louise Stott, Mrs. J. Robinson, Mrs. Debleik, Mrs. J. Der, Mrs. Tolmie, Miss Mae Tolmie, Miss Helen Tolmie, Miss Colleen Stack, Mrs. G. Taylor, Mrs. R. Mack, Mrs. Jan McGregor, Miss L. Mabey, Mrs. E. Peterson, Mrs. Chynoweth, Mrs. A. Rattray, Mrs. F. McLeod and Mrs. E. Ganderton.

**Items Of Interest**

Mr. Alex H. Bowly is around  
again feeling much improved after a  
short stay in the hospital with an in-  
fection in his hand.

Sympathies are extended to Mr.  
and Mrs. William Shaw, whose daugh-  
ter, Elisabeth, member of the  
women's division R.C.A.F., passed  
away in a Toronto military hospital  
Saturday just a few hours before her  
parents were able to reach her.

Mrs. Alex Gray enjoyed a visit last  
week with her parents who were here  
from Edmonton.

LAC Lawrence Murray, R.C.A.F.,  
returned home from overseas last  
week.

Don't forget the discount date to  
pay current taxes to M.D. of Wain-  
wright No. 61. See advt. on page 2.

Sgt. and Mrs. Martin Daniels, R.C.  
A.F. motored from Vancouver last  
week and are visiting Mrs. Daniels  
parents Mr. and Mrs. H. Pfleger of  
Greenhills.

Miss Enid Saul was down from  
Edmonton at the week-end visiting  
friends and relatives in Wainwright  
and Chauvin.

Mrs. B. M. (Nell) Wheeler and  
children left Sunday morning for  
Vancouver where she will meet her  
husband Major B. M. Wheeler, R.C.  
A.M.C. who was due to arrive there  
from Manila, Oct. 16th on the air-  
craft carrier "Gloria."

We are sorry to learn that Mr. Bob  
Haywood is confined to the hospital  
with pneumonia and we wish him a  
speedy recovery.

Keep the big annual Rexall Sale  
dates in mind Wednesday, Thursday,  
Friday and Saturday, October 31st,  
Nov. 1st, 2nd and 3rd.

Miss Betty Vegao returned home  
after a few months spent in Hamil-  
ton, Ont.

The Red Cross held a meeting in  
the Church basement on Saturday  
and in spite of the bad night the  
country points were quite well repre-  
sented. The sum of \$500.00 was voted  
to be sent to Head Office to be used  
where most needed.

At the Service of Evening held in  
St. Mary's Anglican Church, Edger-  
ton, on Sunday the 7th October, the  
Junior W.A. and Girl's Auxiliary were  
presented with the coveted Junior  
Banner, and Churchmanship badges  
respectively. The presentation was  
made by the Rev. V. Cole who also  
praised the Jr. W.A. highly for win-  
ning the Banner for the second year  
in succession and made special men-  
tion of the fact that the Rt. Rev. W.

F. Barfoot had commended both  
groups for the splendid showing made  
and extremely high average attain-  
ed—this being 87%. Their leader,  
Mrs. Dud Sawyer is to be commended  
on this achievement.

For convenience of those sending  
holiday letters or packages overseas,  
Christmas seals may be obtained now  
at headquarters of the Alberta Tubercu-  
losis Associations, 340 - 7th Ave.  
West, Calgary, according to President  
T. L. Ferguson. Although the Seals  
will not be generally distributed until  
November 19th, they are available  
now for overseas mail.

"We have had many requests in  
the past for Seals to put on overseas  
mail," said Mr. Ferguson. "We are  
glad to provide them before the dead-  
line set by the Post-office for boys  
and girls away from home."  
Seals should be stuck on the backs  
of letters, not the front, emphasised  
Mr. Ferguson. Every year the Post-  
office complains of Seals being at-  
tached to front of envelopes, causing  
extra work.

**Make Gas Strike  
Near Wainwright**

A gas strike with an estimated  
open flow of 1,000,000 cubic feet per  
day was made in an initial test of the  
Vale Dome No. 1 well, 17 miles south  
of Wainwright, according to Fred G.  
Jackson, petroleum engineer for the  
Millner interests of New York City,  
who is at the Macdonald.

There were no indications of oil,  
said the engineer.  
Earlier this year the Well st. inter-  
ests acquired considerable acreage on  
the Vale Dome structure. A well was  
drilled to a depth of 2,906 feet, when  
operations were suspended until  
tests could be made.

The first test last week was made  
of the upper sands, in the region of  
2,300 feet.

A second test of a lower zone,  
around 2,476 feet, will be completed  
this week, after which there will be a  
further test of the upper sands.

When all tests have been completed  
the results will largely determine  
plans for any future drilling opera-  
tions, according to the engineer.

Dr. G. S. Hume, of Calgary, who  
has been representative in Alberta  
for the federal oil controller and is  
associated with the federal geologi-  
cal survey branch, watched the ini-  
tial tests.—Edmonton Journal

**BLACK FLAGS  
on U Boats**

When Nazi U-boat commanders hoisted black flags of sur-  
render, it was a "go ahead" signal to the three out of every eight  
Canadians who normally depend for their livelihood on export  
trade.

For five years the flow of foreign trade has been largely a gov-  
ernment responsibility. But now, to help create peacetime jobs,  
Canadian enterprise must do its full share in finding customers  
abroad. This means doing business all over the world, in strange  
and distant cities, in a hundred languages and currencies.

Canadian banks have a key role in this complicated but essen-  
tial peacetime task. Every day their foreign branches and corres-  
pondents arrange credits, handle documents and perform other  
intricate operations to bring buyers and sellers together across  
the obstacles of distance, language and custom.

This banking service is of primary importance to business and  
to every Canadian worker as Canada turns to the task of re-  
creating trade abroad to provide jobs at home.
